

## RNA Gel

<b>6% TBE Acrylamide RNA Gel</b>	
10 M Urea	24 mL
10X TBE	4 mL
30% acrylamide/ .8% bis	8 mL
ddH <sub>2</sub> O	4 mL
10% APS	200 $\mu$ L
TEMED	25 $\mu$ L

Add 1 liter 1X TBE

Run for 45 minutes to an hour at 18 watts

If a northern blot will be performed, run the gel until the first dye front runs off of the gel
